

K-Love is my source of strength and encouragment in a time when so many are unemployed and sick. If K-Love were to be displaced from my community, many who are experiencing hard times would suffer. K-love's message to my local community is one of positive encouragement. A message that keeps the community focused on what's important in life - to lift up and love each other. A message to take care of each other in their time of need. K-Love is a bright spot in the lives of many of the youth in my community. Youth today face many problems that we never faced as children. K-Love helps keep them on the right course. Please keep this radio station available to all communities. Thank you.
